LEXI Finance appoints former CBRE director

Real estate capital advisory LEXI Finance has poached a debt advisory lead and former associate director from commercial real estate and investment firm CBRE.

Joining LEXI's Mayfair office as a senior associate, Robert Sadler is set to bolster the firm's capital structuring team.

With over a decade of experience in the commercial real estate space, Sadler's experience spans Deutsche Pfanbriefbank, Metro Bank and a period of consultancy with Morgan Stanley.

With Metro Bank, Sadler oversaw a commercial real estate loan book of more than £1bn, with the purpose of growing the loan book.

The incoming senior associate has also worked on behalf of lenders for a string of London-based schemes from One Hyde Park to Wembley Football Stadium.

"Robert's appointment as our latest senior hire adds another string to our bow," Co-founder of LEXI Finance Charlie Armstrong said.

"His cross-sector real estate experience and wealth of knowledge from working with different banks will only improve the service we can provide to our clients."
